

For immediate release:

April 6, 2022

Sorenson Lighted Controls (Solico), a privately owned manufacturer of indicator lights and lighting assemblies located in West Hartford CT. would like to announce the acquisition of Sealed Buss Bar, LLC of Loudon, Tennessee effective April 1,2022.

The acquisition allows Solico to expand their product offerings to key markets such as Marine, Electric Vehicles, Industrial, and a multiple of Transportation related applications. Sealed Buss Bar product offers a maintenance free, compact design, providing protection from the elements as well as quick installation and delivers additional solutions to our valued customers.

Solico president Bob Sorenson stated "We are very excited about the acquisition of Sealed Buss Bar. Sealed Buss Bar has seen tremendous growth over the last few years and with the utilization of Solico's established network of representative and distributors we think we can grow even more".
